Mexican President Expresses Wish  
for Further Discussion on Sub-

**ALL MEXICO MAY UNITE  
AGAINST COMMON ENEMY**

Truce Declared Among Factions While  
Conference Between Scott and Fun-  
ston and Obregon Was in Progress  
With Understanding That All Would  
Join Against United States in Case  
of Trouble.

El Paso, Tex., May 6.—Generals  
Scott and Funston plan today to hold  
another conference with General Al-  
varado Obregon in the expectation that  
before it ends the suggestions of the  
United States government for co-opera-  
tive dispersal of the Villa bands in  
Mexico will take the form of a duly  
signed protocol.

Prior to the meeting, however, came  
reports from Juarez that were not  
quite so optimistic. It was reported  
that the negotiations might extend in-  
to still another session of the confer-  
ence because Carranza had expressed a  
wish for further discussion of the sub-  
ject of withdrawal.

U. S. Will Not Change Attitude.  
While the American conferees will  
listen attentively to any suggestions  
submitted by Obregon, there is no  
chance that any change in the atti-  
tude of the United States will take  
place, it was said here, except on in-  
terior details.

From authentic Mexican sources it  
is learned that during the conferences  
held here and in Juarez, an inter-  
party truce has existed in Mexico on  
the understanding that if trouble  
arose between the de facto govern-  
ment and the United States all fac-  
tions would unite against the com-  
mon enemy. General Trevino is re-  
ported to have received messages by  
telegram from various Villa chiefs,  
saying that they are ready to put 16-  
000,000 rounds of ammunition, now  
hidden in the mountains, as well as  
their own services at the disposal of  
the first chief should a break occur  
with Washington.

No Villistas, Says Obregon.  
"There are now no Villistas—only  
bandits," was the comment of Gen-  
eral Obregon today when the subject  
of operations against Villa and his  
bands was mentioned.

"There are no Villistas, as their  
cause is dead and gone," Obregon con-  
tinued. "It is only only a hunt after  
outlaws without a flag. It is only a  
matter of time and diligence before  
they are cleared out of our country."

Washington in Dark.  
Washington, May 6.—Officials of the  
war and state departments have no in-  
formation on the reported opposition  
of General Carranza to features of  
the tentative agreement made by Gen-  
erals Scott and Obregon.

The friendly attitude of the Carran-  
za government was reflected in official  
despatches today, and it was an-  
nounced that more supplies to General  
Pershing were moving over the Mex-  
ican railways.

**SENATE DISPERSED**

Detachment of Haitian Gendarmes  
Under Leadership of American Of-  
ficer Break Up Session.

Port au Prince, Haiti, May 6.—  
Members of the Haitian senate, who  
persisted in holding a meeting in spite  
of the warning of Rear Admiral Car-  
penter, in command of the American  
forces here, were dispersed to-  
day by a detachment of gendarmes  
commanded by an American officer.  
The senators protested but offered no  
resistance.

Washington, May 6.—Rear Admiral  
Carpenter, in charge of the American  
forces in Santo Domingo and Haiti, to-  
day advised the navy department that  
the situation in Santo Domingo in  
the revolt against President Jimenez  
was grave. Secretary Daniels said  
that Admiral Carpenter had full au-  
thority to land marines or to take  
any other steps necessary to pre-  
serve order.

**MOYNAHAN DISCHARGED.**

Will Not Be Tried for Violating Elec-  
tion Laws.

Waterbury, May 6.—The case  
brought against Patrick Moynahan,  
superintendent of the Waterbury  
Almsouse, for alleged violation of the  
election laws collapsed in city court  
today.

Counsel for Moynahan had entered a  
plea-in-bar, claiming that the of-  
fense, if any had been committed, was  
outlawed under the statute. The plea-  
in-bar was sustained and the demur-  
rer thereto, entered by counsel for the  
prosecution, was overruled. Moynahan  
was then discharged.

Dublin, May 5, via London, May 6,  
9:25 a. m.—It was officially an-  
nounced today that Major John Mc-  
Bride, the eighth leader of the Sinn  
Fein rebellion to suffer death by  
sentence of court-martial, had been shot.

Thomas Hunter and William Cos-  
grave, who were sentenced to death  
with Major McBride, had their sen-  
tences commuted to life imprison-  
ment.

Joseph Plunkett, one of the lead-  
ers in the rebellion, was married an  
hour before he was put to death  
yesterday, to Miss Giffard, sister of  
Mrs. Thomas MacDonagh, widow of  
one of the first rebels who was put  
to death after court-martial.

Major John McBride served  
throughout the Boer war with the  
Irish Brigade under General Piet.  
When the Boers finally surrendered  
he made his escape and took refuge  
in Paris, where he later married Miss  
Maud Gonne, known in home rule  
circles in Ireland as "The Irish Joan  
D'Arc." In 1905 Major and Mrs. Mc-  
Bride delivered a series of lectures  
in the United States on Irish politics.  
On their return to Paris Mrs. Mc-  
Bride sued for divorce and was granted  
a legal separation. McBride main-  
tained his interest in Irish political  
affairs and was always identified with  
the extreme, or separatist faction of  
the nationalist party.

**BULLET RIDDLED AS

Ammunition Being Destroyed Ex-  
plodes and Laborer Is Instantly  
Killed—Another May Die

Poughkeepsie, N. Y., May 6.—Hun-  
dreds of bullets riddled the body of  
Rafael Mancuso, killing him instantly,  
when a furnace used to destroy ob-  
solete ammunition blew up at Banner-  
man's Island, in the Hudson river.  
Another victim of the explosion is at  
Cold Spring today in a critical con-  
dition.

The extent of damage done at the  
arsenal is unknown. It is the practice  
to place a quantity of old powder and  
cartridges in a specially constructed  
fire place where they are exploded a  
few at a time. It is said something  
went wrong and the entire charge  
went off at once.

**APRIL MORTALITY.**

cess of 1915.

seven between one and five years,  
while last year in April the deaths  
under one year numbered nine and  
from one to five but five.

The deaths are classified as follows:  
Measles 2, diphtheria 1, influenza 1,  
tuberculosis 7, cancer 2, pneumonia

and eight deaths occurred in institu-  
tions.

**ACCUSED OF INTIMIDATION.**

Laborer in Torrington Faces Serious  
Charge in Court.

Torrington, May 6.—Dante Luca-  
rini, one of the striking building la-  
borers who was arrested yesterday on  
the charge of breach of the peace, was  
asked to plead to the additional  
charge of intimidation when ar-  
raigned in borough court today. He  
pleaded not guilty to both charges and  
the case was continued until Monday.

The number of building laborers on  
strike here is estimated at 450.  
Special policemen are on duty on  
the streets on account of the strike.  
Confirmation was secured today of  
the report that 200 special deputies have  
been sworn in who may be called upon  
in case of disturbances.

**BIGAMY IS CHARGED.**

Wodell's Second Honeymoon Is  
Quickly Interrupted.

Torrington, May 6.—Joseph C.  
Wodell, who was married here last  
Saturday to Miss Lena Bertha Unger,  
pleaded guilty in the borough court  
today to the charge of bigamy and  
was held for the superior court under  
bonds of \$750.

He was married eight years ago in  
Paterson, N. J., to a woman who  
now resides in South Manchester and  
who has brought suit for divorce in  
the Hartford county superior court.  
There were two children by the first  
marriage.

**DEPUTIES ON GUARD  
AT BERLIN BRICK CO.**

Strikers Watch Laborers Return  
to Work From R. R. Tracks

**FORMULATE THEIR DEMANDS**

Draw Up Resolution Stating Rate of  
Wages Desired and Set May 10 as  
Limit to Accede to Demands—An-  
thorities Are Prepared.

The strike situation at the brick-  
yards in Berlin still remains in a  
muddled condition. Many of the  
men are willing and anxious to re-  
turn to work, but seem to be afraid  
of the others. This morning First  
Selectman William H. Gibney swore  
in six extra deputies and the whole  
force is guarding the property of  
the Berlin Brick company. Yester-  
day some of the men employed at this  
yard approached H. S. Tallard, the  
owner, and said they would return  
to work this morning if he would  
guarantee protection. He immedi-  
ately communicated with Selectman  
Gibney and the latter with twelve  
constables and deputies arrived at  
the yard at 4 o'clock this morning.  
The yard's work starts at 4:30 o'clock,  
but when the men saw a crowd of  
strikers from other yards in the  
neighborhood of the plant, they de-  
cided not to chance it. The deputies  
remained on duty there all day.

The strikers were not violent. At  
10 o'clock a number of Tallard's men  
informed him they were going to  
work and took off their coats. They  
started in at once, the deputies  
maintaining a strict watch. The news  
rapidly spread to the strikers, who  
were gathered in the square near the  
depot and they came to the yard,  
where Selectman Gibney forbade any  
man to trespass on the property of  
Mr. Tallard under pain of arrest.  
The strikers remained at their  
chosen posts all day, but none of  
them made any attempt to disobey  
Mr. Gibney's instructions.

Other Yards Shut Down.  
All of the other yards in the town  
have shut down and no attempt was  
made to do any work. The strikers  
have not as yet presented any de-  
mands. Yesterday afternoon First  
Selectman Gibney addressed a crowd  
in front of the Kilby House and sug-  
gested they appoint a committee to  
confer with the owners. They agreed  
to do this, but the individual owners  
refuse to recognize any committee,  
claiming they will treat with men  
from each yard separately.

Alderman Angelo M. Paonessa of  
this city went to Berlin this morning  
to discuss the trouble with the  
strikers. He advised them to draw  
up their demands and present them  
to the owners, saying the matter  
could be settled amicably and quickly  
in this manner. The owners are not  
inclined to confer with a committee,  
many claiming they are as yet  
ignorant as to the cause of their men  
leaving work Thursday. They will  
gladly listen to any complaint the  
men may make. At several yards the  
men have told the employers of their  
willingness to return to work, but the  
latter decided to shut down for the  
day.

Workers May Leave Town.  
The fear is spreading that many  
good men will be lost by the industry  
before the difference is settled.  
Several were reported as having left  
for Bristol this morning, where they  
had secured work. Practically every  
brickyard in this part of the state  
is now closed, the strikers enlisting  
the men from the East Berlin, Crom-  
well and Middletown yards yester-  
day. No restlessness is apparent but  
the authorities are keeping a strict  
vigilance and will quell immediately  
any attempt at violence or property  
damage.

About 2 o'clock this afternoon the  
strikers met and formulated the fol-  
lowing demands, copies of which will  
be sent to the owners: A nine hour  
working day; 43,200 instead of  
48,000 bricks for a day's work; 35c.  
per 1,000 for loading instead of 25c.  
Work on different operations to be  
paid as follows: Brick setters, \$3 a  
day; moulers \$2.75; wheelers and  
dumpers, \$2.50; drivers, \$2.35 for  
double teams and \$2.25 for single cart  
men; truckers \$2.30, and stable boys  
\$2.00. The circular states the men  
will wait until May 10 for an answer.  
It also says that all are responsible  
for the strike and not any individual.

"N. H." WANTS APPROVAL.  
Wants Agreement With Investment  
Company Ratified.

Hartford, May 6.—The New York,  
New Haven and Hartford Railroad  
Co., has petitioned the public utilities  
commission for the approval of an  
agreement relative to the affairs of  
the New England Investment and Se-  
curity Co., concerning its guarantee  
of the notes of the latter amounting  
to \$5,000,000. These notes are now  
held by the New England Navigation  
Company.

The office of the New England In-  
vestment Company is in Springfield,  
Mass., and that of the Navigation  
Company in New Haven. The com-  
mission will hold a hearing on the  
petition Tuesday May 16 at 10:30 in  
the capitol. In its petition the New  
York, New Haven and Hartford Rail-  
road Company states that its agree-  
ment in no way violates or in any  
manner affects its endorsement of the  
guarantee of five millions.

Dublin, May 6, via London 11:32  
a. m.—James M. Sullivan, former  
American minister to the Dominican

charge of having been implicated in  
the Irish rebellion, probably will be

**YOUTH CONFESSES TO  
KILLING HIS MOTHER**

Father Had Been Charged  
With Murder in  
Court.

Portsmouth, Ohio, May 6.—George  
Jordan, eight who told officials Wed-  
nesday that his father, Roy Jordan,  
killed his mother with a shotgun, fol-  
lowing a quarrel because she did not  
get up early enough to get break-  
fast, has confessed that he shot his  
mother, officials say.

The official had brought George,  
another son, and Fred, a little three-  
year-old son, before the probate judge  
and were preparing to ask them some  
questions, when Fred, in innocence  
and with a pointing hand said:  
"George, what did you kill my mamma  
for?"

George hung his head but did not  
answer. The officials were quick to  
follow the lead and asked Fred how  
George killed his mother, and the  
little chap said "George killed her  
with a gun."

The eight-year-old lad, when asked  
if accusations made by his baby  
brother were true, admitted them. He  
said that he was playing with the  
shotgun and did not know that it was  
loaded. Neighbors found the body of  
Mrs. Jordan Tuesday afternoon. Four  
sons and the father were immediately  
taken into custody. The eight-year-  
old lad then told officials his father  
had shot his mother because she  
would not get out of bed to get break-  
fast.

Yesterday the father was formally  
charged with the murder.

**SCHENECTADY STRIKE.**

Four Hundred and Seventy Trolley  
Employees Out.

Schenectady, N. Y., May 6.—A strike  
called early today has tied up all city  
and interurban lines of the Schenec-  
tady Railway company and no at-  
tempt was made to run cars. There  
was no disorder.

The men demanded a flat raise of  
five cents an hour to take effect im-  
mediately. The offer of the company  
of a two cent raise to be followed at  
the end of two years by another cent  
raise, was refused by the men and a  
following offer by the company to  
submit the question to arbitration  
was also refused.

The strike cut off Albany, Troy and  
Saratoga from trolley communica-  
tion with this city.

Four hundred and seventy motor-  
men and conductors are on strike.

London, May 6, 3:17 a. m.—A de-

which arrived at Ameland, reported  
having sighted the Zeppelin L-9 flying  
extremely low across the North sea  
yesterday and apparently badly

**DIPLOMATIC BREAK WITH GERMANY AVERTED  
FOR THE PRESENT IS NEW VIEW EXPRESSED  
BY OFFICIALS OF THE ADMINISTRATION TODAY****BERLIN TRYING TO PAVE  
WAY FOR PEACE IS RUMOR**

London, May 6.—The Daily News  
gives a prominent place to today's  
issue to a long dispatch from Rot-  
terdam asserting that there is a  
strong belief in Holland that the Ger-  
man note to the United States was  
carefully prepared in the hope that  
it might lead eventually to peace ne-  
gotiations.

"There is belief here," the dispatch  
says "that behind the whole cloud  
of vague and conditional promises lies  
the hope that negotiations for peace  
will be opened with England through  
the mediation of the United States.  
According to this view, Germany  
hopes that Washington will open a  
discussion first on the questions of  
contraband and the naval blockade,  
which will widen by easy stages to  
eventual discussion of possible peace  
conditions."

"In American circles in Berlin it is  
believed that Ambassador Gerard is

during his recent visit to the kaiser's  
headquarters at the front discussed  
matters of far wider range than  
merely the questions at issue between  
Berlin and Washington.

The Daily News correspondent also  
says that the Wolff Bureau sent out  
an article this week in which an  
anonymous neutral discusses the re-  
lations between Germany and the  
United States and suggests that  
America now has an opportunity to  
lay the foundations for peace ne-  
gotiations. This article appeared in  
the same issue of the German news-  
papers with the text of the reply to  
the American note.

"This appears," it says, "to be the  
historic opportunity for America.  
If the United States maintains an  
equally firm position against the  
starvation of Germany as against the  
German submarine warfare, then  
there will be an opening for the bel-  
ligerents to consider how they can  
end this miserable war."

**CARLSON AGAIN ON  
BOARD OF SAFETY**

Mayor Quigley Completes Appoint-  
ments and H. M. Steele Is  
Among the Missing.

Mayor G. A. Quigley did not honor  
ex-Tax Collector Howard M. Steele  
with an appointment to the board of  
public safety as had been anticipated,  
but instead announced this morning  
that Carl A. Carlson would continue  
on the board.

Mr. Carlson lives at 31 Dwight street  
and is employed at Landers, Frary &  
Clark's. He was appointed on the  
safety board last winter with Frank  
Moran and E. G. Babcock after the  
sensational break-up of the old board,  
composed of R. R. Healey, E. B. Al-  
ling and F. H. Holmes.

The mayor has nothing left to offer  
in the way of public appointments,  
his action today in appointing Mr.  
Carlson completing that work, and  
just how he is going to placate Mr.  
Steele, who in the primary campaign  
buried the hatchet and swore eternal  
fidelity to the reigning monarch, is a  
question being discussed among the  
politicians today.

**FRENCH DRIVEN OUT  
BY GERMAN SHELLS**

Forced to Evacuate Part of Trenches  
Before Verdun Under Violent  
Bombardment.

Paris, May 6, 10:01 p. m.—The  
French evacuated part of their  
trenches on the northern slope of Hill  
304, on the Verdun front west of the  
Meuse, as the result of an unusu-  
ally violent bombardment by heavy Ger-  
man guns.

The war office statement of this af-  
ternoon says, however, that all efforts  
of the Germans to advance were  
checked by French guns, and that a  
fresh division of troops which Ger-  
mans brought into action sustained  
great losses.

Attacks north and northwest of  
Hill 304 were repulsed at the point  
of bayonets.

**BANKER IN TROUBLE**

Bristol Man Alleged to Have Violated  
Laws—Woman Says He Did Not  
Send Her Money Away.

Bristol, May 6.—Andrea Di Tomas-  
so, who was arrested last night on a  
warrant charging illegal banking and  
violation of the private banking act,  
waived examination in the city court  
today, and was held for the June term  
of the superior court at Hartford. He  
furnished a bond of \$1,000.

It is understood that when his case  
is called in the superior court the  
question of adding to the charges  
against him will come up. Mrs. Do-  
minica Carmeluso having asserted that  
she gave Di Tomasso \$850 to send to  
Italy and that the money had not been  
received there.

**TO ENLARGE COMMISSION.**

Washington, May 6.—The senate in-

to enlarge the interstate commerce  
commission from seven to nine mem-  
bers. The bill already has passed the  
house.

**BANDITS ROUTED IN  
CLASH WITH CAVALRY**

Forty-two Mexicans Killed—  
No Casualties Among  
Americans.

Field Headquarters Near Mamiqui-  
pa, by Wireless to Columbus, N. M.,  
May 6.—A full squadron of two  
hundred and thirty men of the  
Eleventh Cavalry surprised and routed  
a much larger force of Villa band-  
its at Ojoaules, 17 miles south of  
Cusuhimachi early yesterday. Forty-  
two Mexicans were killed and a num-  
ber wounded. There were no Ameri-  
can casualties.

The American command, under  
Major Robert L. Howze, had been  
pursuing the bandits under Generals  
Cruz Dominguez and Julio Acosta for  
several days when they encountered  
them encamped in the huddled adobe  
huts of Ojoaules.

The Mexicans were completely sur-  
prised and sprang from their pallets  
half clothed. After firing a few  
wild shots they began a flight, each  
man shifting for his own safety. Some  
of them were unable to seize their  
horses, already jaded from a hard  
day's ride previously, but others made  
the way into the hills afoot.

Major Howze said he was still pur-  
suing the scattered remnants of the  
band, which is the largest remaining  
under the Villa red standard. This  
decisive victory gave much satisfac-  
tion to military men here. It is  
believed the band is the same as that  
defeated at Temochic, April 22 by  
Col. George A. Dodd's command.

El Paso, Tex., May 6.—General  
Pershing's official report of the de-  
feat of a Villa band at Ojoaules by  
Major Howze described the action  
as a cavalry charge with pistols, the  
first to occur since operations were  
begun. The Americans had ridden  
thirty miles before meeting the band-  
its.

The pursuit of the scattered Mexi-  
cans was continued for two hours.  
General Pershing reported that six  
Carranza prisoners the bandits had  
been holding for execution were re-  
leased.

San Antonio, Tex., May 6.—A report  
of the surprise attack on Villa forces  
at Ojoaules early yesterday received  
at headquarters here today from Gen.  
Funston at El Paso says that forty-  
two Mexicans were killed and seven-  
ty-five horses and mules were cap-  
tured by the Americans.

Washington, May 6.—The Navy

the Detroit manufacturer, asking for  
\$100,000 damages. The suit alleged  
libel in some of Ford's published  
statements opposing military prepara-

Washington, May 6.—The  
text of Germany's note fully d-  
and laid before President Will-  
day shows no material diff-  
from the unofficial text publish-  
terday in news despatches.  
strengthens the probability that  
omatic break has been aver-  
least for the present.

The president will not reach  
nite decision before next week-  
ever, it is said. Careful atten-  
be given the official text to d-

have been obscured in the Berl-
